

# **ALFRIDOMSA RECEIVES RECERTIFICATION UNDER QUALITY STANDARD ISO 9001-2015**

**SANTO DOMINGO (Dominican Republic).**- The company Almacenes y Frigoríficos Dominicanos, S.A. (Alfridomsa), which operates with high levels of efficiency a wide range of logistics services, today received the recertification of its Quality Management System under the ISO 9001-2015 Standard.

The document, accepted by Gina Victoriano and other executives of Alfridomsa, is issued by the international firm European Quality Assurance (EQA) after thorough evaluations of the quality system, which had been governed by ISO 9001-2008 for several years.

Victoriano stressed the importance of having obtained recertification and pointed out that the company demonstrates its interest in maintaining the use of adequate standardization standards for its services, in order to maintain the satisfaction of its customers globally.

The firm also holds the BASC (Business Alliance for Secure Commerce) certification, as well as the Authorized Economic Operators (OAS), and is a member of the WCA Perishables, of the Dominican Agribusiness Board (JAD), of the American Chamber of Commerce of the Dominican Republic, of the Dominican Association of Air and Maritime Cargo Agents (ADACAM), among others.

Alfridomsa offers storage services in refrigerated chambers, dry warehouses, re-export warehouses, authorized and consolidated, as well as transportation.

It has operations in Caucedo, Merca Santo Domingo and Constanza, offering a range of services, which include the storage of dry, refrigerated goods, both in general, and fiscal warehouses, as well as authorized storage warehouses.
